White, bright colors but more on the pastel side

Focus on using the Vocaloids themselves as part of the theme since they are the face of Vocaloid

Creative tool

Geometric, doesn't need to be super complicated

Some popular Vocaloids:

- Hatsune Miku: https://en.wikipedia.org/wiki/Hatsune_Miku
- Rin and Len Kagamine: https://en.wikipedia.org/wiki/Kagamine_Rin/Len
- Meiko: https://en.wikipedia.org/wiki/Meiko_(software)
- Kaito: https://en.wikipedia.org/wiki/Kaito_(software)
- Luka: https://en.wikipedia.org/wiki/Megurine_Luka
- Gumi: https://en.wikipedia.org/wiki/Megpoid
- Gakupo: https://en.wikipedia.org/wiki/Gackpoid
- IA: https://en.wikipedia.org/wiki/IA_(software)

Don't need to include all of these, 5 is a good amount. Can also add any Vocaloid that you find interesting that is not on this list since there are so many.

The intro part of the Wikipedia page is enough information.

Popular songs:

There are multitude of lists out there so this is not a strict list. 5-10 is a good amount.
